## WELCOME TO CREATIVE CAREERS IN MEDICINE

Clinicians have traditionally focused on being providers of direct patient care. Healthcare systems and processes have been designed by others. Help design the system and create a career you love.

### OUR MISSION

To equip clinical professionals with the courage, confidence and skills to take their career on a unique path. Help design the system rather than just be passive end users. We want to create a community of like-minded professionals who can support, motivate and inspire each other to enjoy fulfilling medical careers that may stray from the expected path.

### THE BEGINNING

Our expectations when we first looked at the venue were low, telling the venue manager we would probably get up to 100, maybe 150 if we were lucky. We apprehensively signed the venue contract, knowing that risks were low and all that could be lost was some money and some dignity begging friends and family to buy tickets to our first event.

In May 2018 455 attendees came to Sydney to experience the first CCIM Symposium.

While the number of attendees was impressive, it was the energy in the room that was consistently commented on by attendees, sponsors and speakers that was remarkable as well as the positive feedback after the event -we had certainly found a gap in the market and a need amongst health professionals to feel connected, heard and in control of their career path.

Successful events followed in Melbourne and then in 2019 on the Gold Coast. Our online community has surpassed 7,000+ medical professionals, we've launched a podcast, a student community, a Facebook live series and most recently a membership platform, jobs board and soon a mentoring program. It is certain that the best things for the CCIM community are still to come.

## THE COMMUNITY

Following the inaugural CCIM event in Sydney the community has grown steadily. And whilst we are proud of the following numbers that have been generated in under two months post event, we are most proud of the level of interaction across all platforms and the willingness and desire of the community to get involved and further the CCIM mission.

Whilst those studying or currently working in health fields would be interested in the content presented, CCIM is for those who want to get the absolute most out of their medical career, may currently be disillusioned with their career opportunities or trajectories or those seeking a change of pace. The community, both on and offline, attracts people from all career stages from students through to practicing physicians and those looking to return to the workforce after a career break.

We cover the breadth and width of the health sector, exploring:

- Pharmaceutical Industry
  - Management Consulting
  - Media, Health Technology & Health Informatics
  - Insurance
  - Start-Ups
  - Teaching
  - Corporates
  - Public Health
  - Aviation & Occupational Medicine
  - Defence
  - Cruise Ship Medicine
  - Career Coaching
  - Medical administration
  - Medical writing
- ...and growing!

## WHAT CAN WE DO FOR YOU?

-  Create tailored solutions
-  Provide a highly targeted audience
-  Enhance community engagement
-  Add credibility

CCIM strives to align itself with organisations and private entities that share like philosophies and have a demonstrated commitment to professionalism through quality products, service and business dealings.

### MENTORING PROGRAM

The CCIM 2020 mentoring program connects those at the start of their careers with those who have been their before. Capitalising on the breadth of talent and experience within the CCIM community, the mentoring program is an opportunity for your organisation to foster the next generation of medical professionals.

### PODCAST

The podcast has become a community favourite, with health writer & journalist Andrew Bracey sitting down with some fascinating doctors to chat about how they're seeking out their own creative professional paths and enriching their personal and professional lives along the way. Co-branding the podcast allows your organisation to uniquely connect with 5000+ listeners again and again.

### JOBS BOARD

CCIM is looking to streamline the influx of job advertisements and requests for CCIMer referrals for a variety of clinical and non-clinical positions. The jobs board will be a first stop for the CCIM community when considering taking the next leap in their career. It's also a great opportunity to co-brand the platform and access a huge talent pool as required.

### STUDENT COMMUNITY

A community within the community, our students are signing up so fast that a special committee has been tasked with the development of student-based initiatives and programs including special resources, events and meet ups, a webinar series and coaching. Multiple opportunities exist for the right partner to engage with this community segment and foster relationships from the get-go.

# TERMS AND CONDITIONS

These terms apply to all advertising provided to any person (a 'Client') by Creative Careers in Medicine (CCIM).

## 1. Publication of Advertising

- 1.1. Subject to these Terms, CCIM will use its reasonable endeavours to publish advertising submitted by Client ('Advertising') in the format submitted by the Client and in accordance with the placement instructions of the Client. 'Advertising' includes images submitted for publication.
- 1.2. Client grants CCIM a worldwide, royalty-free, nonexclusive, irrevocable licence to publish, and to sub-licence the publication of, the Advertising in any form and in any medium. Client warrants that it has the right and authority to grant CCIM the licence referred to in this clause 1.2.

## 2. Right to Refuse Advertising

- 2.1. Neither these Terms nor any written or verbal quotation by CCIM represent an offer to publish Advertising. A binding contract in relation to a request for Advertising will only be formed between CCIM and a Client when CCIM accepts the Advertising in writing.
- 2.2. Even if a contract has been formed in accordance with the above clause, CCIM reserves the right to refuse or withdraw from publication any Advertising at any time without giving reasons (even if the Advertising has previously been published by CCIM).

- 5.3. If a Client submits Advertising that looks, in CCIM's opinion, like editorial material, CCIM may publish the Advertising under the heading 'Advertising' and with a border distinguishing it from editorial.
- 5.4. All Advertising material submitted by the Client must comply with CCIM's advertising specifications. CCIM may reject the Advertising material if it is not submitted in accordance with such specifications.

## 6. Advertising Publishing & Performance
